view full report

Reasons for creating a national portal

- Provide customised services for users
- Demonstrate capacity at national level
- Provide solutions for needs of stakeholders (PORBIOTA Research Infrastructure)

Challenges

- No developer in the node to implement/develop. Support only from the community of ALA developers
- Maintenance and updating requirements

Future plans

- Add new modules: species, regions, spatial
- Explore possibilities of other modules: Phylolink
- BIOGLASER - Biogeographic Living Atlas of the Southwest Europe Region: Andorra, Gibraltar, SW France, Portugal, Spain

Thank you!
